## Richard Andrew King

Numerologist, Martial Artist, Poet, Author

An intense interest in understanding the mysteries of life and a desire to know and understand the 'Whys' and 'Wherefores' of our existence led Richard Andrew King to study the ancient metaphysical science and art of numerology—exploring, discovering, and validating theories which explain life's mysteries and secrets. His research, experience and interest in this ancient science led him to design and formulate THE KING'S NUMEROLOGY© --a revolutionary numerology system of defining, describing, and interpreting the energies and forces comprising our lives, destinies, and relationships.

King is also an accomplished martial artist. He founded and operates the Karate Institute of America in Southern California. King is author of currently 9 books, 3 spoken words CDs and 1 musical CD.

Hunter Stowers  
Numerologist/Intuitive

Richard Andrew King breaks new ground! It's almost as if the very Spirit of Numerology is using King as an instrument to evolve this ancient science to a new level. After learning from King's teaching, it is impossible to conceive of going back to that 'twilight naive and foggy' state of being where one can only guess or hint at the truths, motivations and directions of one's life that are Pre-King.

George Shaver  
Metaphysician/Psychic

I will say without hesitation that *The King's Numerology* is true and real. Richard Andrew King's knowledge of numbers changes intangible spirituality and divination into solid, practical, objective reality. In a word, Richard Andrew King brings science to the art and practice of divination and spirituality. He brings proof to the otherwise unprovable; solid evidence to the not-so-solid-universe of the divine. *The Kings Book of Numerology Series* contains new information that informs and predicts more completely and accurately than any previously published numerological work. I personally feel Richard Andrew King is bringing back the empowered sciences of long ago, information long since lost upon this plane. I would recommend *The Kings Book of Numerology Series* to everyone practicing or wanting to practice divination. All who read King's works will benefit and be blessed. Richard Andrew King is the best!
