THERE ARE MUSICAL PERFORMERS AND THEN THERE ARE MUSICAL ROCK STARS. KID ROCK IS A ROCK STAR.

Born on Sunday, 17 January 1971 as Robert James Ritchie, Kid Rock's fame and fortune are clearly visible in his numbers, once more revealing the connection between an individual and his natal data, in this case a connection between stacking of the number 9—the Grand Elemental—and the enormous success and notoriety of Kid Rock. Here in Part 1 we'll discuss Kid Rock's Basic Matrix, which is his general personal profile.

BASIC MATRIX
(Personal Profile)

Robert James Ritchie
Born: 17 January 1971

Roots	Lifepath	Expression	PE	Soul	M/S	Nature	M/N	Voids
Simple	9	9	99-9	4	22-4	5	77-5	7

UMBRELLA

The first thing to note, and it is beyond obvious, is Kid Rock's 9 Lifepath (LP), 9 Expression (Exp) and 99-9 Performance Experience (PE). These three components form the triune Umbrella of the Basic Matrix.

It just so happens that this 9/(9)/99-9 Umbrella was also that of Elvis Presley, the King of Rock 'N Roll (<https://richardking.net/numart.htm> and <https://www.richardking.net/Elvis.pdf>) and, arguably, one of the greatest male singers of all time. As John Lennon of The Beatles fame said, *Before Elvis, there was nothing.* Thus, Kid Rock is in pretty good company, wouldn't you say?

As King's Numerology™ students and followers know, no single number is more universal, dominate and powerful than the #9—the *Number of Mankind*. With such a powerful Umbrella it would be nearly impossible for Kid Rock not to be famous. The #9 rules humanity and the world because, unlike other single numbers of the Alpha Numeric Spectrum, the #9 contains all numbers within itself and, therefore, is all numbers: $1 + 2 + 3 + 4 + 5 + 6 + 7 + 8 + 9 = 45 = 9$.

It should be pointed out that not all 9 PEs contain the Master number 99. A person could have a straight 9/(9)/9 Umbrella, so the 9/(9)/99-9 is all that much more powerful and dominate.

One of the most potent characteristics of the 9, especially the 9/(9)/99-9, is its charisma. Because the 9 is all numbers (1 through 9), and every person on earth manifests one of these numbers, the masses are automatically drawn to it. When the 9 totally saturates every component of the Umbrella it is easy to understand why the masses are attracted to people such as Kid Rock and Elvis Presley.

4 SOUL & 22-4 MATERIAL SOUL

The Primal Soul governs a person's deepest desires, needs, wants and motivations. A 4 Soul speaks to all things relating to structure, stability, security, roots, work, service, development, order, tradition and convention.

The Material Soul (MS) represents one's worldly needs and wants. Ritchie's 22-4 Material Soul focuses on wealth and power built on a foundation (4) of relationship (2). He understands and embraces work and service and all it takes to manifest wealth and security. His Material Soul layers reveal a 4/(18-9)/22-4 pattern. Note that the 22-4 is a result of the 4 filtering through the 9 and its 18 Transition root. This tells us that his 22-4 Material Soul is built on being famous and universal (the 9 Filter).

5 NATURE & 77-5 MATERIAL NATURE (MN)

Kid Rock's Nature (basic personality) is a 5—the number of freedom, versatility, variety, change, detachment, adventure, curiosity, speed, movement. Basically, Kid Rock is a free spirit, although somewhat grounded by his 4 Soul and 22-4 Material Soul.

The 77-5 Material Nature is interesting because Ritchie has a 7 void (no Gs, Ps or Ys in his natal name). The 77 energy gives him a sense of depth and understanding but it can also generate a lack of discretion. This has resulted in him getting in trouble from time via inappropriate comments while intoxicated and using unsuitable language (Wikipedia).

Ritchie's 5 energy is captured beautifully in his hit song "Born Free" — a perfect manifestation of the 5 energy. (<https://www.youtube.com/watch?v=bu3rshalZtI&list=RDMM&index=5>).

His versatility is also of note. Kid Rock plays multiple musical instruments and performs in an array of musical genres. Ritchie is also a philanthropist, overseeing The Kid Rock Foundation and supporting United States military personnel.

THE 4/5 CONJUNCTION

One of the dilemmas of Robert James Ritchie is that the numbers 4 and 5 are direct opposites. The 4 fully encases Ritchie's Soul Layers while the 5 encases his Nature Layers. This can be very troubling and confusing to people.

The 4 is an earth sign; the 5 is a fire sign. These don't mix. The 4 represents roots; the 5, wings. The 4 is traditional; the 5 is non-traditional. The 4 seeks stability; the 5 seeks adventure. The 4 is order; the 5 is rebellion. 4 is practical; 5 is free-spirited.

Yet, having this 4/5 Conjunction in a chart gives people the opportunity to experience and manage both types of energy. It also serves to balance each other. When the 5 gets wild, the 4 pulls it back in. When the 4 gets too anchored, the 5 seeks release from its fetters.

There's a lot more to Kid Rock's chart, which we'll review in Part 2 of this series.
