Appreciation

The King's Book of Numerology series is all you need if you wish to become a Master numerologist or if you simply want to learn to calculate your own numbers the correct way. Trust me. I've read all of the best sellers on Amazon and I have roughly a hundred books on numerology in my personal library. Some of them are good and some of them are great and none of them are second-rate since I don't tolerate mediocrity. But Richard Andrew King's books on numerology are a totally different dimension. None of the books that I own, not even all of them at once, can compete with the King's Book of Numerology series. The depth of knowledge and understanding that I gained from studying the first book in the series for only a month outshined everything I had learnt about numerology during the two years that it took me to read all the other numerology books that I have.

Erika T., MSc & BSc Linguistics & Psychology

I am finding Richard Andrew King's amazing in-depth system to be a fascinating ancillary to my work as a therapist. I would highly recommend psychologists and all counselors read Richard's books. I believe even the hardest-core skeptics will be amazed!

Dr. Nancy B. Irwin, Psychotherapy & Clinical Hypnosis

Thank you for the clarity! Its opening my eyes even more and I've been able to assist other numerologists who've been practicing for 30+ years to have more accuracy in their readings. Not only are the calculations amazing, but the philosophy is quite valuable to me as well.

Thank You so much Richard for sharing these powerful truths!

Your work is Quite Masterful!

Darius Oliver, Numerologist & Metaphysician

The King's Book of Numerology series contains new information that informs and predicts more completely and accurately than any previously published numerological work. I personally feel Richard Andrew King is bringing back the empowered sciences of long ago, information long since lost upon this plane. I would recommend The King's Book of Numerology Series to everyone practicing or wanting to practice divination. All who read King's works will benefit and be blessed.

George Shaver, Metaphysician & Psychic

Richard Andrew King breaks new ground! It's almost as if the very Spirit of Numerology is using King as an instrument to evolve this ancient science to a new level. After learning from King's teaching, it is impossible to conceive of going back to that 'twilight naive and foggy' state of being where one can only guess or hint at the truths, motivations and directions of one's life that are Pre-King.

Hunter Stowers, B.A. & M.A., Entertainer & Metaphysician

The King's Numerology™ marks a 'before and after' in my journey of studying Numerology. It is a system which is unique and different from any other that I had previously learned. I have been interested in the study of this art for many years. I have read pretty much all publications that have been made in the field, both in English and Spanish, always looking for more and more knowledge, but never been fully satisfied with what I encountered. Everything I found essentially said the same thing, oftentimes offering incoherent and contradictory information, as if the only thing that really changed was the cover of the book. But this was only until I found my first book by Mr. King, as unique and special as there is.

Pilar Pascual, Numerologist (English/Spanish)

About the author

A note from the author

If you desire to be an excellent student of the King's Numerology™, you must take your time and move step-by-step through the learning process. Jumping from one book to another without studying each book in sequence is a fatal mistake educationally.

The King's Numerology™ system and its knowledge require that you study the KBN1 first, move on to KBN2, then to KBN3, etc. Each book is a foundation stone for the next book. Therefore, be patient, be disciplined, be thorough in your study. You cannot build a 100 story building by starting with the 100th floor. You must start on the ground floor and work your way up to the top floor.

As a general rule, when the King's Numerology™ system is studied thoroughly, and the knowledge contained within each book is mastered, then and only then should you move to the next book in sequence.

The King's Book of Numerology. Volume 1

The KBN1 is the best numerology book I've ever read.

Michael W., Numerologist, Atlanta, Georgia

The KBN1 is the most concept-dense, original and profound book on numerology I've read. It should be a must read for any serious and self-respecting numerologist. Numerologists who haven't read the KBN1 are bullshitting.

Erika T., MSc & BSc Linguistics and Psychology

The KBN1 is one of the stellar books in its field, offering application in a very practical way.

Karen Axnick, Holistic Consultant

I've learned as much about numerology from reading your book the last few days than I have in my past five years of study. I have a feeling that this great opus that you've produced will become one of the classics in the spiritual science of Divine Numbers.

Frank Monahan, Mountain View, CA

The King's Numerology™ has provoked a great change in my understanding of numbers and has opened my eyes in terms of observing and analyzing them. It has taught me to look and see what's underneath the tip of the iceberg, reaching a point of highest accuracy that I had never experienced before when it comes to doing numerology chart readings.

Pilar Pascual, Numerologist (English/Spanish)

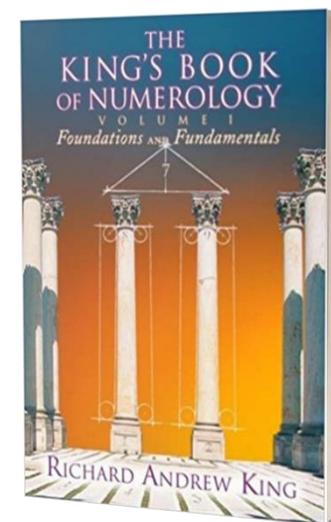

'The King's Book of Numerology Volume I: Foundations & Fundamentals' (KBN1) provides a thorough, well-designed plan for

studying, understanding and applying the ancient science and art of numerology to our lives and destinies.

The KBN1 leads you step by step easily and efficiently through the learning process beginning with a complete description of basic numbers, double numbers, purifier numbers, master numbers and the letters in simple and specific form. This is followed by a complete explanation of the Basic Matrix – the numerological blueprint of our lives illustrating the pattern and interrelationship of the energies and forces creating our destiny. The Basic Matrix describes the actor (Expression) reading a life script (Lifepath) and generating a performance on the great stage of life (Performance/Experience), all motivated by the internal forces of the Soul and Nature.

Through the King's Numerology™ we can begin understanding the cosmic forces comprising, defining and describing each of us as we traverse the pathway of this incarnation.

The King's Book of Numerology. Volume 2

I finished reading the first two books: 'The King's Book of Numerology, Volumes 1 and 2.' [Richard Andrew King's] overall approach makes more sense to me than any other author on the subject.

In my quest to not just learn but to truly understand and apply Numerology, I've read Matthew Goodwin, Matthew Oliver, Hanz Decoz, Juno Jorden, Joanne Justice, Chero, Lloyd Stayhorn, Lynn Buess, Heather Lagen, Julian Moore, and others. I am grateful to each of these authors as I did learn much from them. Yet, to me there seemed to be a missing synthesis as each author emphasized elements of divination somewhat differently, and at times, contradictory.

[Richard Andrew King's] approach is comprehensive and layered, seemingly leaving no numerical-stone unturned. The beginner will appreciate the initial simplicity and unique narrative that clearly connect this subject to its underlying spiritual-context in which all Numerology is based. Afterwards, the way [Richard Andrew King] moves into a multi-layered synthesis, more representative of the human condition than any approach I've experienced, is extraordinary.

Simply, this work is immensely useful and actionable! After all, the motivation as to why we engage in Numerology is far more universal than to simply access insights into "who we are", "what makes us and others tick" — it is to live the best life possible!

M. Rockwell, Engineer and Business Owner

'The King's Book of Numerology, Volume 2: Forecasting – Part 1' (KBN2) initiates you into the formulas, processes and timelines of determining individual life and destiny.

The KBN2 is dedicated to opening the door to the divine blueprint of your own life as well as the lives of others. When the principles set forth herein are studied and learned, you will begin to see there is definitely a life plan for each of us. That plan, that divine blueprint of destiny, is exact, precise, unchangeable, unalterable and... knowable, at least in general terms.

Once this awareness of a predetermined fate becomes established through application of numbers and their truths, your understanding and consciousness of life will, no doubt, change. You will begin to see yourself as part of an immense spiritual super-structure far beyond your current ability to comprehend, understand or perceive. Life will take on new meaning and, perhaps, you will even begin to awaken to greater spiritual truths. It is with this understanding that this book is offered.

The King's Book of Numerology. Volume 3

The King's Numerology™ is true and real. Richard Andrew King's knowledge of numbers changes intangible spirituality and divination into solid, practical, objective reality. Richard Andrew King brings science to the art and practice of divination and spirituality. He brings proof to the otherwise unprovable; solid evidence to the not-so-solid-universe of the divine.

George Shaver, Metaphysician & Psychic

Richard Andrew King's Numerology is, by far, head and shoulders above all the rest. I was amazed at all the information I had been missing that Richard taught me. Numbers are the key to the universe which coincides with Astrology. It's all God's language, and it was amazing to me the depth of knowledge Richard offers with respect to how numbers impact every aspect of our lives.

Roxanne Carol, Astrologer & Metaphysician

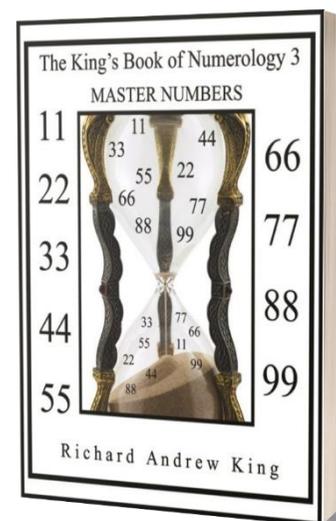

'**The King's Book of Numerology, Volume 3: Master Numbers**' (KBN3) delves deeply into the subject of master numbers, focusing especially on binary master numbers: 11-22-33-44-55-66-77-88-99.

Master numbers are the nuclear component of the numeric spectrum and play powerful roles in the destinies of individuals. They may be powerfully good or equally bad. They may edify or destroy. Thus, they cannot be ignored. Regardless if you are a beginner or an expert in numerology, you need to understand master numbers and their impact on individuals' lives.

The KBN3 reveals the process of discovering hidden master numbers in all facets of a King's Numerology chart – Basic Matrix, Name Timeline, Letter Timeline, Life Matrix, and Influence/Reality (IR) sets. The KBN3 also discusses Voids contained within master numbers and how their presence critically affects the expression and complexity of life.

Since 'The KBN3 is the third volume in the King's Numerology book series, which has a sequential nature, it is highly recommended the reader first study the KBN1 and the KBN2.

I believe Richard's pioneering work and many of the concepts he has developed will be recognized someday as stunning innovations to this incredibly interesting subject. I have a feeling that this great opus that King has produced will become one of the classics in the spiritual science of Divine Numbers.

Frank Monahan, Educator & Numerologist

King's books are without a doubt significantly inspiring and they make me thrive to be a better numerologist myself every day. I have never in my life met anyone who is so dedicated and passionate about Numerology and who investigates and researches as Mr. Richard Andrew King does, and for this I am truly thankful. Thank you, Richard, for helping us all make peace with our paths.

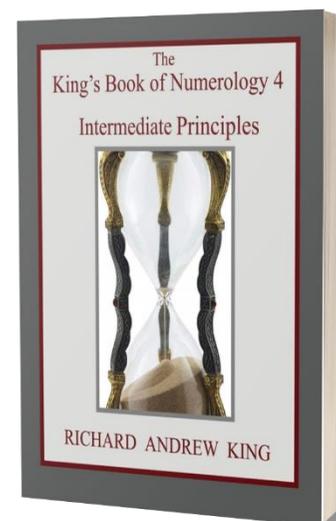

Pilar Pascual, Numerologist (English/Spanish)

'The King's Book of Numerology, Volume 4: Intermediate principles' (KBN4) will expand your consciousness of the mysteries of life and destiny by taking you deeper into the secret world of numbers and their meaning.

Life is energy. People are energy. Numbers are arithmetic codes describing and defining the energies that comprise our lives and destinies. Like priceless treasures discovered during an archaeological dig, numbers and number patterns buried beneath the surface of single numbers contain a treasure trove of untold wealth and secret riches of knowledge and wisdom.

The KBN4 shares the deeper wealth of numbers with those sentient individuals seeking truth beyond the mundane façade of everyday living and common consciousness.

The KBN4 chapters include Common Names, Linkage, Stacking, Name Suffixes, Binary Capsets, Influence/Reality Set Formats, Dual Basic Matrix Components, Subcap Challenges, and much more.

The King's Numerology™ allows one to understand his or her partner on a much deeper level, giving each the opportunity to create a harmonious, loving, supportive relationship.

Lucretia Fiore, General Manager, The Learning Light Foundation

Richard Andrew King's in-depth knowledge and research in numerology can open new doors to the inner soul and give insight to potential relationship building skills!

Dr. M.P. Wylie, Ph.D., Founder, Transpersonal Research Foundation

In the KBN6 Mr. King shows us how being in a relationship (of any kind) is not only about "you" and "me", but also about a third 'entity' that arises and is as important as the two first ones to take into consideration: "us." This is what Mr. King calls the "Loveline Mix"/"Basic Mix". Thus, by analyzing this third vibration we can easily shed light on the real compatibility between two individuals. The notion of this seemingly obvious but rather undermined component about relationships has significantly changed the way I comprehend my connection to others. And not only that, but acquiring this knowledge has also helped me to make others understand more about their relationships as well.

Pilar Pascual, Numerologist (English/Spanish)

'The King's Book of Numerology, Volume 6: Love Relationships' (KBN6) guides you through this revolutionary method of understanding the Secrets of Love and Happiness via the mystical science of numbers. If you can add 1 + 1, you can quickly learn how to utilize and benefit from the great truths shared within this book.

The fundamental Secret of all great relationships, marriages and partnerships revolves around the quality and quantity of Mutual Energetic Resonance between the partners. It is easily identified from the full birth names and birth dates of the individuals involved.

The KBN6 is divided into two parts: Part 1 Your Love Numbers; Part 2 puts the King's Numerology™ number science to the test with twenty marital case studies broken into Section I. Marriages rated as excellent; Section II. Celebrity marriages ending in divorce; Section III. Hollywood marriages that have endured. These case studies are powerfully insightful because they reveal the dramatic and irrefutable correlation between love and numbers. Discover the numeric secrets as to why these Celebrity and Hollywood marriages succeeded or failed!

'The King's Book of Numerology, Volume 7: Parenting Wisdom - Numerology & Life Truths' (KBN7) is a compilation of two books in one.

Got this Glorious Book! Very Impressive! Really heavy and substantial! Like discovering the Holy Grail! I can't see why there are not thousands like me out there in the world somewhere! Thirsty for this Golden Knowledge! A Sublime Addiction that will change your thinking for the rest of your life. Knowledge that you CANNOT GET ANYWHERE ELSE in all of the numerology books that have flooded the book market with the same old tired information that was in the first book on this subject that came out during the last Ice Age!

Hunter Stowers, B.A. & M.A. Entertainer and Metaphysician

The KBN8 includes the entire King's Numerology 2016 Presidential Election Article Series with its ten articles highlighting the election's numerological process. This article series offers an excellent example of forecasting based on numbers, specifically those of Hillary Clinton and Donald Trump, with one article devoted to Bernie Sanders. Political pundits, surrogates, the media, etc., forecast that Hillary Clinton would be the 45th President of the United States right up until the day of the election. However, they all got it wrong. An analysis of numbers, not punditry or political spin, proved triumphant, illustrating the victory, not of Hillary Clinton, whose numbers did not support her winning, but of Donald Trump, whose numbers clearly revealed that he was the "change agent" which the year's energies and the Electoral College demanded, thus validating the power of the divine science of numeric coding. Followed step-by-step, these ten articles clearly reveal the reality that destiny is, truly, in our numbers.

'The King's Book of Numerology, Volume 8: Forecasting – Part2'

(KBN8) broadens and expands the knowledge of numerology forecasting into areas of greater depth and specificity, giving students and practitioners of this divine numeric science tools unknown heretofore, allowing them to rise to the zenith of understanding in decoding life and destiny, and once again proving that life is destined and that the blueprint of destiny is, indisputably, secretly hidden in our birth names and birth dates. Indeed, God did not drop us here without a plan or a way of knowing that plan if we so choose.

The KBN8 contains the following chapters: The X-Y Paradigm, Cycle of Nines, Timeline Transitions, Lifetime Monthly Timeline (LMT), Annual Cycle Patterns – Monthly Timelines, Monthly Cycle Patterns (MCPs), Life Changes and the Number 5, Master Filters, Master Amalgams, Crown Roots/Pillars, Addresses – Homes and Businesses, Numerology Forecasting – Step-by-Step Analysis, and the 2016 Presidential Election Series – Articles: 1 to 10.

Utilizing the knowledge in the KBN8 will propel you to professional heights in understanding life and destiny.

The King's Book of Numerology. Volume 9

Because of Princess Diana's dramatic influence on British history and importance to the 21st Century, her numerological history has been included in The King's Book of Numerology series as a "stand alone" book, negating any necessity of having to read previous King's Numerology works.

This book is a Godsend of practical, hands-on numerological analysis that defines and reveals psychological truths within Diana and Charles and their relationship that give reason, in a way that nothing else can, for the events that happened as they did. Whether one is a beginning student of numbers or a professional numerologist, there is a fountain here in this book to drink deeply from – time and time again.

Hunter Stowers, B.A. & M.A., Entertainer and Metaphysician

She was the most photographed, the most written about, the most talked about, the most famous woman in the world; a fairy tale princess who lived a nightmare. She was Princess Diana of Wales.

Diana's impact and influence upon the Royal family, the British Monarchy, the British way of life and the world in general cannot be underestimated. No person in the history of the world has received more attention and adulation in their life and death than Princess Diana. But why? What was it about this fairy tale princess that so captivated the world, making her a global icon? What was it, indeed, from a numerological perspective that made Diana Frances Spencer the Queen of Hearts, The People's Princess and the Princess of Love?

This work answers these questions and much more. The life and times, the tragedy and triumph, the joy and sorrow of Diana Frances Spencer was preset, pre-established, predestined. The answer to her destiny may lie in the stars, but it most certainly lies in the numbers of her full birth name and birth date.

"The Age of the Female" by Richard Andrew King is an affirming, guiding light, and "The Age of the Female II: Heroines of the Shift" - what fabulously inspiring company!

LaVerne Baker Hotep, Pittsburgh's Own Health and Wellness Advocate and Educator

I was mesmerized by Richard Andrew King's "The Age of the Female, A Thousand Years of Yin," which I finished in only two days. How unusual for a book about female ascension to be written by a male - an insightful and thorough male, I might add. Richard's work in numerology is well known, which is why I can accept as scientific truth what he portends regarding the ascent of female prominence in the world. Thank you, Mr. King, for bringing hope to all females of the world, perhaps the world itself.

Kaye Young

'The King's Book of Numerology, Volume 11' (KBN11) is a "stand alone" work of two books in one (published separately in 2008).

The Age of the Female - A Thousand Years of Yin, corroborates the profound and extraordinary ascent of the female in the modern world and explains exactly why this 2nd Millennium belongs, not to Him (the Yang), but to Her (the Yin). It is an insightful, stimulating and consciousness-expanding read into this new thousand year period of time, offering compelling and irrefutable evidence through the King's Numerology that, indeed, the Age of the Female has arrived.

'The Age of the Female 2 - Heroines of the Shift' is not numerologically based. Rather, it continues the remarkable journey of the female's ascent in the 20th Century by honoring Her accomplishments in the categories of: Female Firsts, Female Nobel Laureates, Female Athletes, Female Icons and Female Quotations. These chapters are a rich source of inspiration, serving as a catalyst for every individual (male or female) to be the best he or she can be and to honor the very essence of what it is to be human.
